"OCCIDENTALIA"

University of Western Ontario
Year Book

LONDON

CANADA

To My Fellow Students:

February, 1965.

Contained in the following pages is a pictorial chronology of the year's activities at The University of Western Ontario. I and my staff have endeavoured to record the student body in its diverse activities throughout this university.

It is our wish that, although you personally may not appear within these pages, the spirit of Occidentalia will, in later years, evoke memories of the activities you participated in while a student here at Western.

The personal element is stressed because therein lies the character of this institution. The success or failure of the Occidentalia 1965 hinges on whether or not the above goal was attained for every individual. The yearbook results from the coordinated efforts of many people and I wish to take this opportunity to express my gratitude to every one of them.

Special mention is due to Don McIlroy and Jim Callaghan and also to Arnim Walter for his valuable advice and contributions in the field of photography.

To each and every one of the students here at the University of Western Ontario I extend my wishes for success in your chosen vocation.

Yours truly,

A handwritten signature in dark ink, appearing to read "F. Ranacher".

Editor-in-Chief.

Chancellor's Message

SO MUCH FOR SO LITTLE

In the course of our human relations during recent years, much stress has been placed on the state's recognition of the rights of the individual and the preservation of human dignities.

The state's responsibility with respect to such dignities is limited to certain standards, but as far as the individual is concerned, his personal dignity is a cloak fitted by the development of his own character. With the depth and strength of character, so will be the personal dignity. However, do not confuse dignity with human failings of conceit, self esteem and pride.

To you who are now venturing onto the highways of life, and have not so far gained experience through close relationships with those who have advanced beyond your years, the importance of a proper degree of dignity in your days of activities, could seem of little consequence.

As the years pass you by all too rapidly, you may regretfully recognize that opportunities for advancement have been squandered through your failure to cultivate a proper degree of personal dignity and self respect in your association with others.

V. P. Cronyn,
Chancellor.

President's Message

Photo by G. B. Lazi, Beta Studio.

Reaching this important milestone in your career is a proud moment and I congratulate you most sincerely.

You are now among those whom Herbert Hoover described as "capable of giving leadership in Government, Industry, and Education." I suggest to you that Conodo has a great need for young people in this category and there is no indication of any change in the future.

Young men and women with your integrity and demonstrated ability can look forward to an interesting career and you are fortunate in this regard. To each of the 1965 graduates I wish success and happiness in this next and very important phase of your life.

GRADUATION THOUGHTS

UNIVERSITY DAYS, lectures, books, friendships, people, self search,
have eased into years.
Has it come only to this FINALITY?
public congratulations, kisses, handshakes, convocation, flowers, gowns,
A PAPER ROLLED? essential trivialities.
perhaps ONE passing reflection compressing everything into one thoughtful unity.

SPRING TIME

and WESTERN is pregnant,
breathing, bursting, heaving life
stirring, exploding, bearing SONS and DAUGHTERS,
Dynamic, powerful, ambitious,
EAGER to grasp the world, teachers, scientists, engineers, lawyers, THINKERS, doctors,
MEN of GOD, men of the world, men of both,
ALL ambitious to DO.
SCIENTISTS write your saga among the stars
ENGINEERS grapple the cosmos
PHILOSOPHERS trumpet loudly your truths
DOCTORS breathe health into sick men's frames
LAWYERS give all men their due
MEN of GOD seek souls . . . observe

JUSTICE holding suspended in one pan, the earned degree
Only a humane understanding, tempered with charity, awareness and responsible dignity

Can preserve the balance.
We are all tied by a singular umbilical, drinking Western's liquid
Nourished to strength, fattened for a hungry world wanting TRUTH.
GREATER than the bond of our ALMA MATER is our humanity.
Only once will we be summoned to account,
after the darkness of the tomb, noble children,
To read aloud, not the lessons prepared
But the TEXT that we of 1965
HAVE WRITTEN
and SCULPTURED with our DEDICATION.

1965 Valedictory Address

1965 VALEDICTORY ADDRESS

Those of us who are graduating this year are concluding a very important phase in our lives. For years now we have attended schools with the purpose of obtaining a formal education. Now we are reaching the end of that formal education and we begin to realize how little we know.

We must continue our quest for learning even after our formal schooling is over. More people live now than have ever lived before. The level of education is constantly improving and the amount of accumulated knowledge is expanding at an unprecedented rate. Those studying science are told that they will have to return to centers of learning three times during their lives to keep pace with the revolutionary advances in their fields. Not only the volume but the quality of work being done in all other fields will similarly leave us behind unless we persist in our studies.

To rest on the knowledge accumulated to date is to stagnate. The faith placed in us by our families and by society deserve a greater return than this.

"To follow knowledge like a sinking star,
Beyond the utmost bound of human
thought."

During our stay here, this university has undergone many changes. The growth in the physical structure of the university has been accompanied by new problems for the students as well as for the teaching faculties and administrative personnel. Future years will bring further changes in teaching methods, relationships, and buildings, so that the character of the university will continue to change and its outlook will be broadened further. Just as the university is in a state of transition, so our lives and the world as a whole are evolving day by day.

We have learned many lessons here. The examples set by people here have inspired us. The day to day experiences of our academic work and extracurricular activities have brought constant benefits and pleasure. Now we must apply this training to our lives, being careful to look forward to the future and not backward to memories of the past.

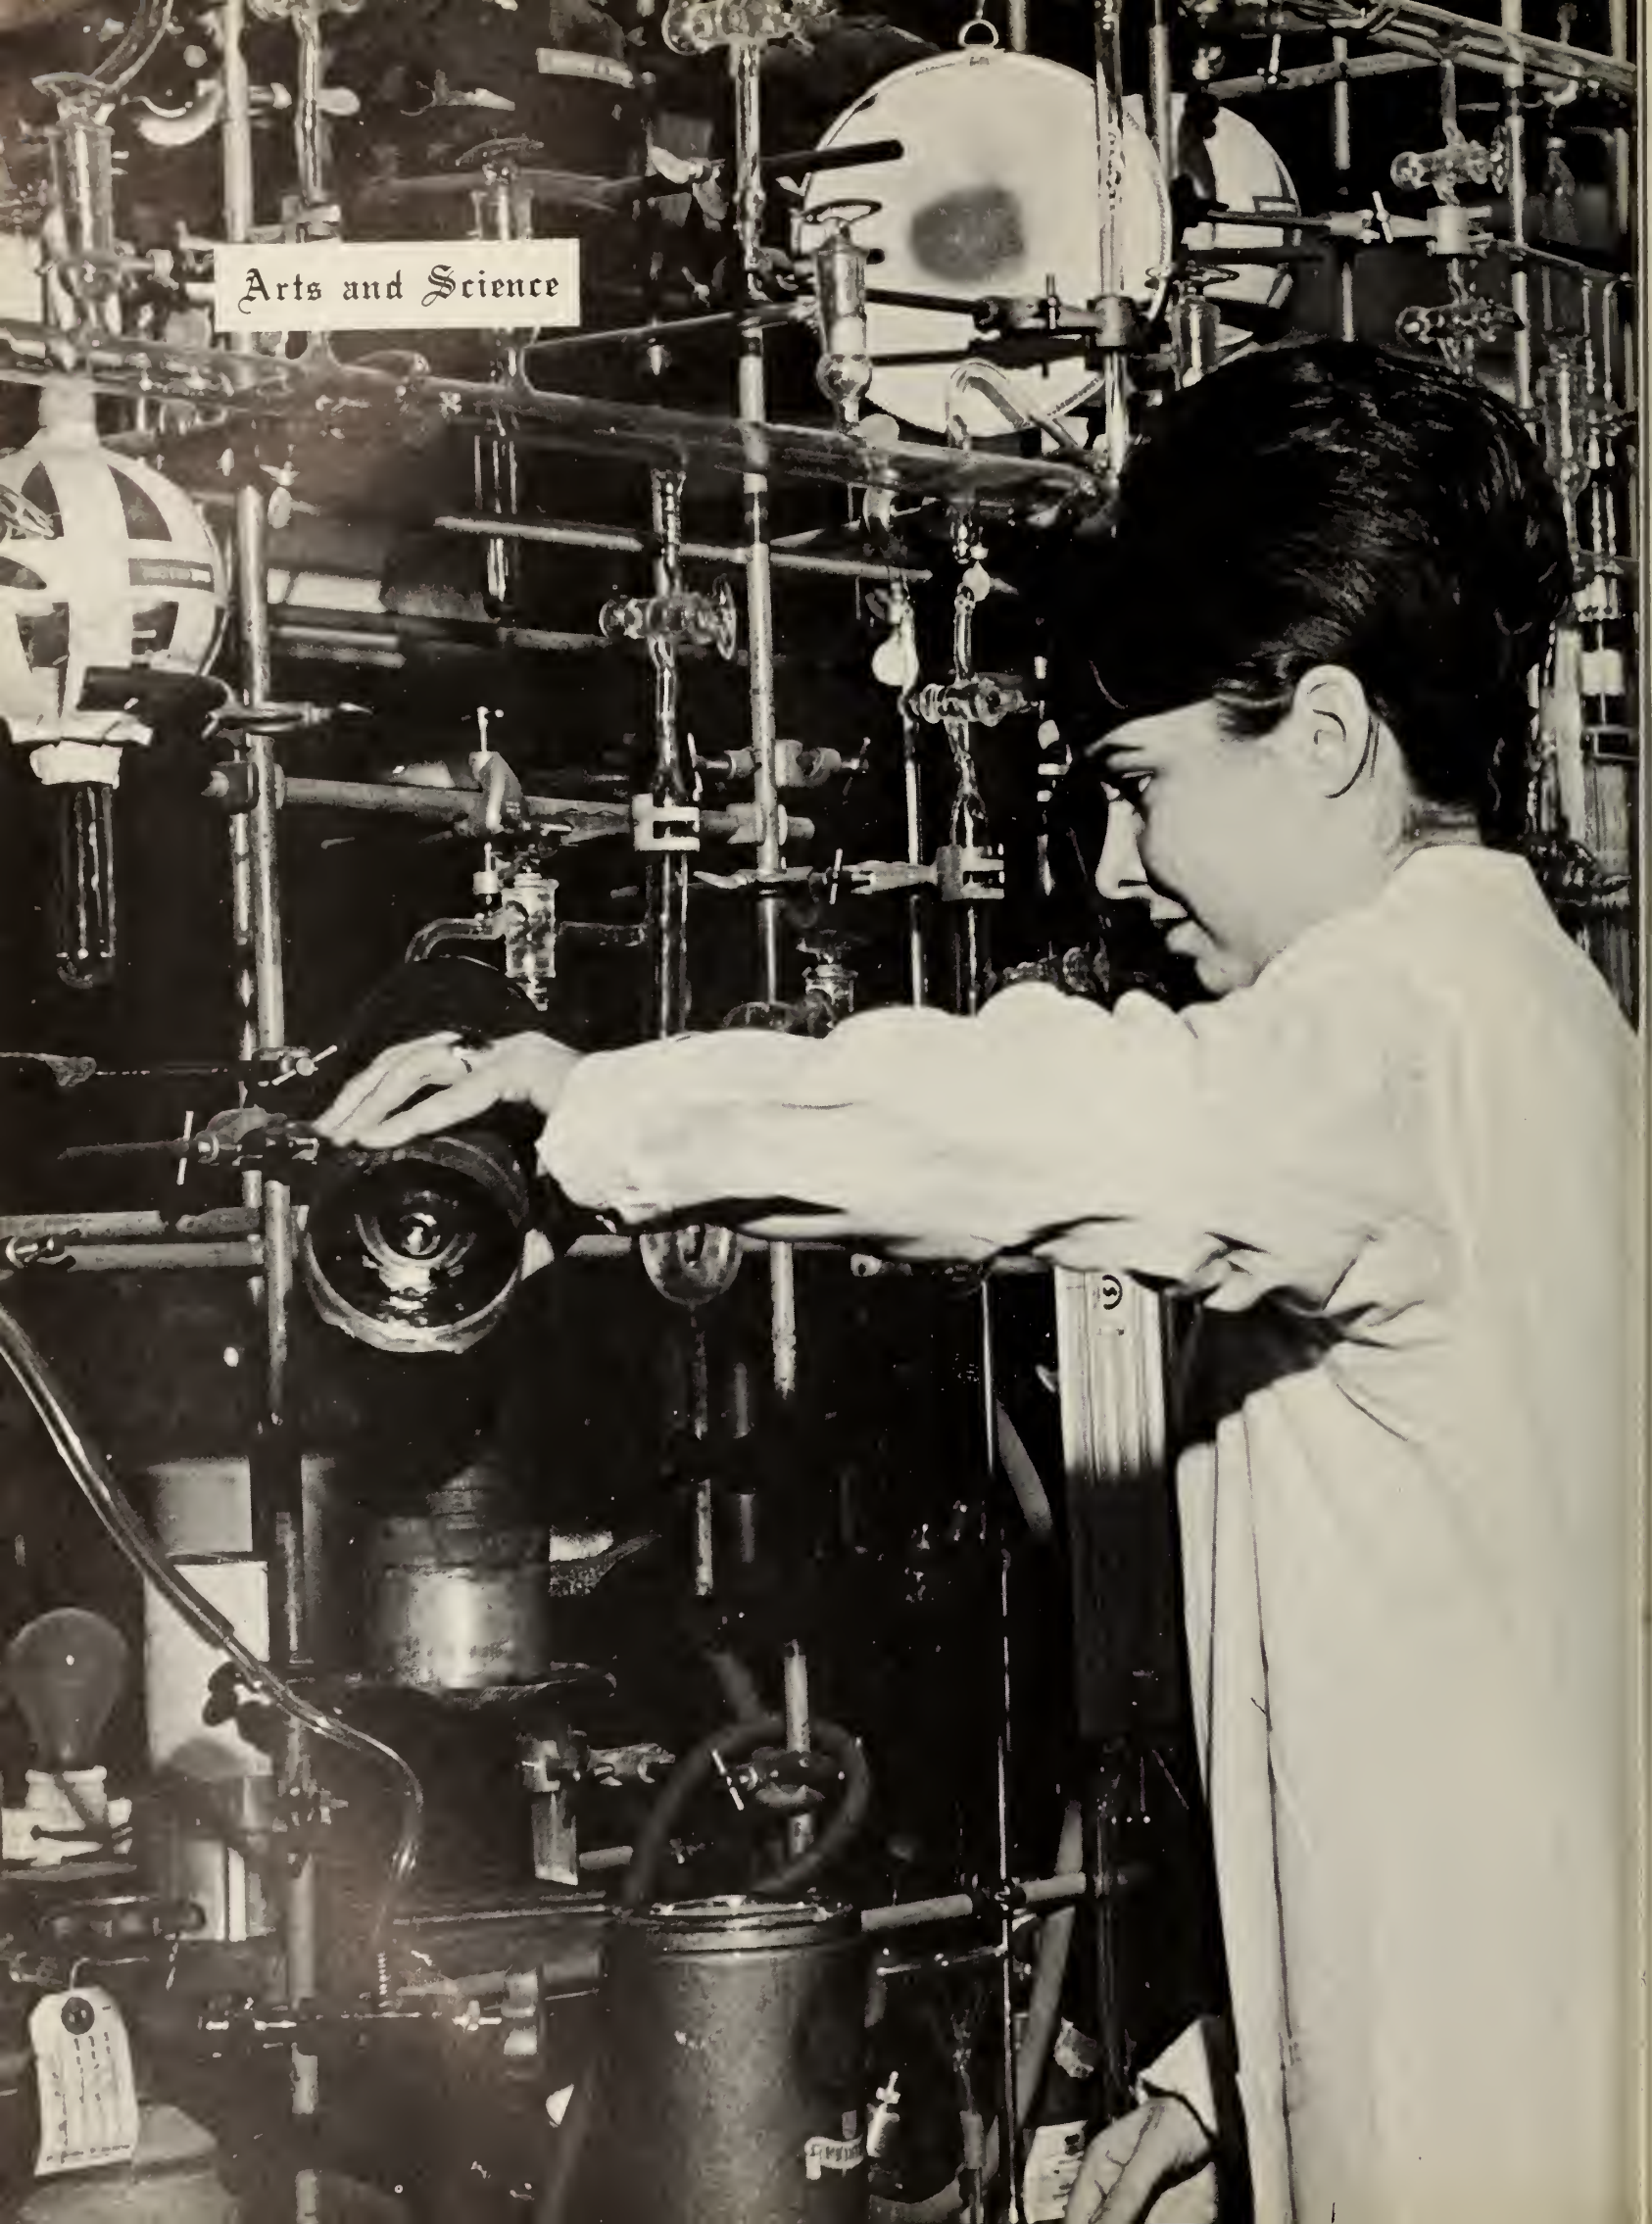

As university students, we have been known for our critical and cynical attitudes towards the institutions of our society. Now we are faced with the task of putting our ideas into practice as we emerge from our sheltered lives of university. Where we have been critical, we must strive for improvements; where we have been cynical, we must seek real values.

From this university, we will go forward to take our places in many different fields in every corner of the world. Only by doing our own tasks well will we be able to contribute to the solving of the great problems which face every nation in today's world. In our society, people are striving to establish an identity for themselves. Canada itself, weighed down with divisive forces, must find a way to unity in order to survive. The world as a whole must constantly ward off challenges to its peace. These important struggles must become our own. Collectively we can show understanding and tolerance so that we can do our part in bringing about solutions.

We have learned at university that there is no absolute course to follow to bring about any desired end. We can only press on with the best that each of us has to offer. We have been endowed with ability and now we have received extensive training. Let us use these to their fullest advantage.

Student Government

UNIVERSITY STUDENTS' COUNCIL

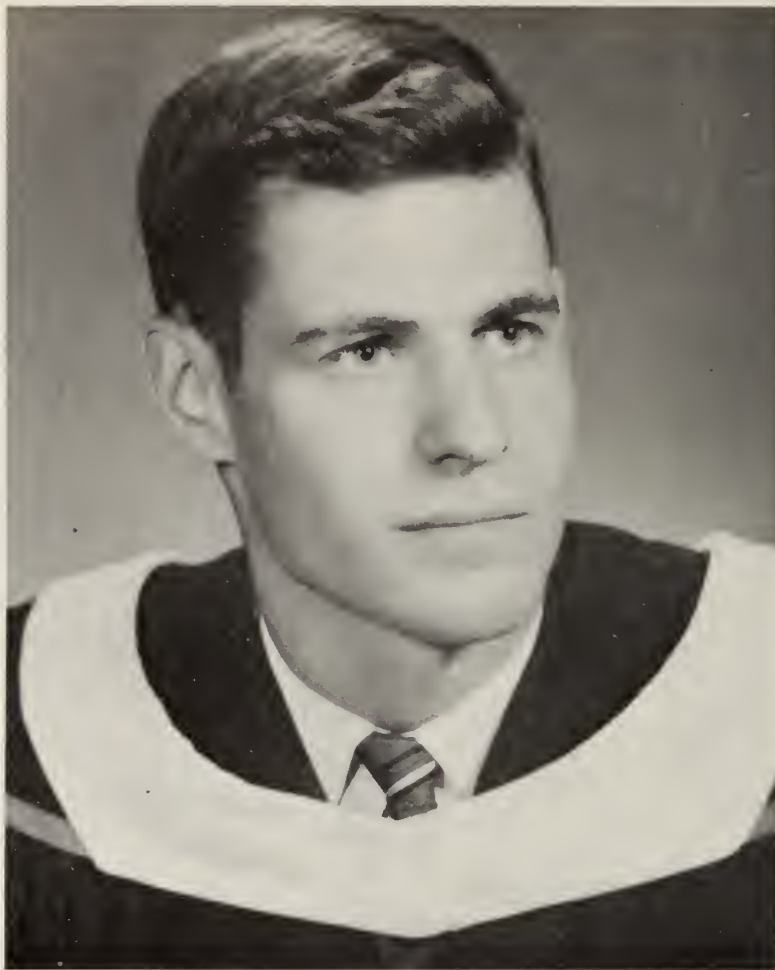

Photo by Victor Aziz.

The past year has been a difficult, but rewarding one for the University Students' Council. With the expansion of the university and the increase in the student activities fee, we have faced many new problems and initiated a number of new projects while continuing our co-ordination of existing activities.

New fields of endeavour have included incorporation of the U.S.C., hiring of a Professional Administrator, the Mental Health Report, a push for a Student Union Building and improvements in communication with and representation on the Athletic Directorate. The publication, *Emeritus*, has been brought into existence. An International Week and a seminar on Canadian problems have been initiated. Efforts have been made to strengthen the Canadian Union of Students, especially at the provincial level and to represent student opinion on such vitally important matters as tuition fees.

I would sincerely like to thank all those who have worked for the University Students' Council during the past year. Only through teamwork have our efforts brought success.

To all those who are graduating, I wish every happiness and success. I hope that those of you who remain will take full advantage of all the opportunities offered here, not only academic, but also athletic, cultural, social and spiritual. At the same time, I hope you will actively support and take an interest in your student government so that it may truly represent the will of the student body.

FROSH

Isn't it fun being Frosh?

Then there we were
hand in hand.

I drank all that!

Oh good Ian, you
shined your shaes.

WEEK

Whot ore we signing for here!

Mother, this is . . .

Now, Section four, page 3,
article (a), ...

Are you Sure this is where
they told us to meet them?

. . . and we waited
and waited.

HOME

But the Stongs got Stung.

Cotching Flies.

The Golden Goose Loys Agoin.

Not really the best view of the cheerleaders.

COMING

Howl

Everyone seems to be in time, **here**.

Look at the funny people, Mickey.

Is this the Bull?

When Western 'U' Goes

Nice view of your . . . cymbal.

If mother could only see me now.

You've got a right to
"smile, Peter.

Steady . . . Steady.

Am I too early or
too late?

Brassy Group, aren't they?

Marching Down the Field

What touchdown? Where?

And I go out with girls now too!

Ooh, I'm so thrilled.

They'd better be following me.

But we're all alone,
Donald.

Thank God, I'm still in step.

FIOR

But I can't wait

Thought you'd hide
under the umbrella, eh?

Porting is such sweet sorrow. Boo-hoo.

Now's your chance, fellas. Grob 'em!

ELLO

Tee-Hee.

I'd like to—but I'll give him
a hard time first.

And we thought prohibition was bad!

L'il Abner could have had fun this year.

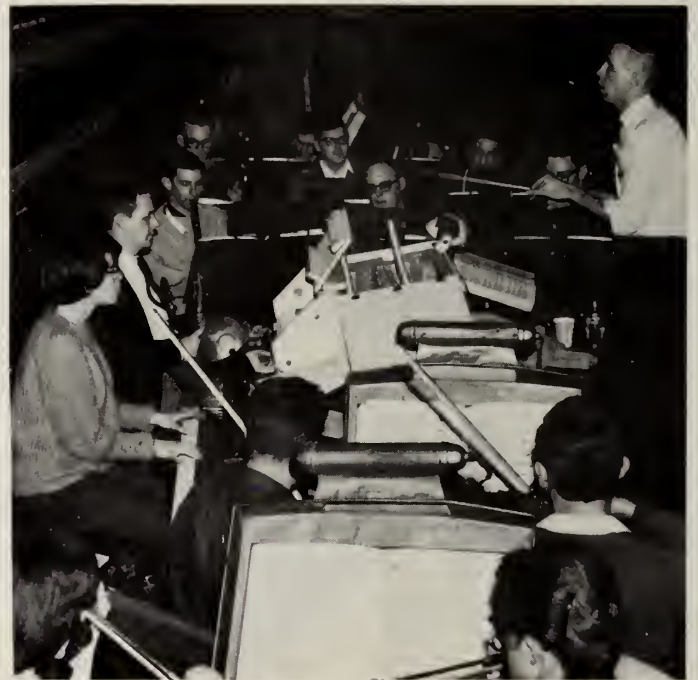

Sorry, no boots, no motorcycle!

You offer that much for me.

Not bad—but this backdrop!

Well, are you ready "Cup Coke"?

You're telling me to get lost?
You get lost!

You forgot the cards?

Hey! that's great. Now sew
the rest of your fingers together.

Things go better with coke!

Large pepperoni and
mushroom, O.K.?

Get a "frog test", then we'll
decide on the charges.

And now I'd like you to meet
my probation officer.

GILBERT AND S

Is that oll you?

What do you meon, you ote
my drumsticks?

How can I bow any lower
with all this an?

Grab your partner and dosy-dae.

Gondoliers

They told me I'd be o stor
in my P.F. Flyers.

SULLIVAN SOCIETY

Is it true, blondes have more fun?

Ready or not, here I come

Aw, why not?

John? . . . Marsha!!

You idiot, the flowers are for her.

Because I **don't** like your beard!

THE FATHER

by Strindberg

A bit of reverence for the new flag, please.

I'm trying but the tears
just won't come.

I'll give you my night-cap and
nobody will notice the grey.

International Students Week

Lost my partner, whot'll I do?

Give me thot old soft shoe.

"The leoder of the Pock"

Four strong winds that blow lonely . . .

Who soys it takes two to tongo?

BRESCIA - C.K.C. DRAMA

The Queen and the Rebels

by Ugo Bette

The little fellow in the middle—3rd year P.H.R.E.

O.K.—where's the loot?

I'll never smile again!

Soon you'll be a professional masseur.

Hold it now and say "Cheese".

An up-and-coming Beatle?

Nice corsage you have.

Red Rover, Red Rover, let the
Doctors Come Over.

Cardia

Whee, I'm a fairy!

Wish you were in U. of Rome medicine?

What do you mean, \$5.00 more?

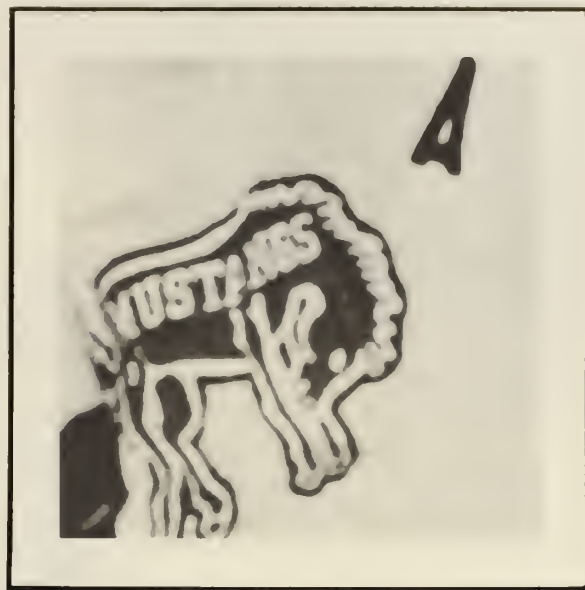

We are the fairest of them all.

What price education?

It is beyond price! Education cannot be bought, borrowed, or inherited. The only way to obtain it, is to earn it. Stelco recognizes its value, and the increasing need for it, in today's highly-competitive atmosphere . . . and also recognizes that specialized education is denied to many deserving young Canadians through lack of funds. This is why Stelco sponsors a program of assistance to universities, technical schools, and students across Canada, by providing awards, scholarships and bursaries in Technology, Engineering, Science, Business Administration, Teaching, Commerce, and Finance.

For further information on this program, or on a career in steel, write to Stelco's Head office in Hamilton, Ontario.
